

COUNCIL ADDS NEW ENGINE TO WATER SYSTEM

Will Improve Facilities at Pump Station - May Get Motor Truck for Engineer's Department - Get After Peddlers.

The regular meeting of the town council was held in the council chamber last Monday evening. Mayor Holt was in the chair and the following members present: Councillors Leyland, Oates, Broughton and Lavell.

The committee appointed to look into the matter of providing a duplicate pumping station at the pumping station reported, and stated that they had closed a deal with the Shiner, Lockwood & Wheeler Company for the purchase of an engine previously used at the Shiner factory. The arrangements were now under way to have same installed at the plant. The action of the committee was approved on motion of Councillors Leyland and Oates.

It is figured that when this engine is installed it will result in the efficiency of the plant and remove much of the anxiety from that source. On motion of Councillors Leyland and Oates, the clerk was instructed to have the insurance of the local fire brigade renewed.

Some bills were read and as same were passed by the finance committee they were ordered paid on motion of Councillors Oates and Lavell.

The secretary-treasurer was instructed to forward check for \$100.00 to the Labor day sports committee.

Mr. J. McIlwain wrote the council asking the council to collect a bill of \$75.00 for damages done to his property by stray cattle. The mayor reported that this matter had been settled satisfactorily since the letter was written.

The health officers wrote the council asking that a water meter be placed in the school. On motion of Lavell and Broughton the matter was referred to the town engineer with instructions to interview the school board.

A letter was read from Messrs. Short & Fraser on behalf of their clients, the Redcliff Security Company, asking for readjustment of taxes on their property. The letter was referred to Town Solicitor Baird to answer on motion of Councillors Lavell and Broughton.

The mayor introduced the question of the advisability of securing a small motor truck for the engineer's department, same to be used for taking men and material to different parts of the town as required. The matter was referred to a committee of the council, to investigate and report to the council.

Councillor Lavell asked the secretary how the taxes collected during the 10 per cent discount period this year compared with the amount collected during the same period last year. Secretary Courtwell referred the following figures in answer:

1916—On current taxes... \$12,585.38
On arrears... 6,829.70
Total... \$19,415.14

1917—On current taxes... \$14,925.25
On arrears... 4,504.15
Total... \$19,429.40

The secretary also stated that during the 7 per cent discount period there were \$4,960.00 more collected this year than in 1916.

Councillor Broughton said there were peddlers in town taking orders and thought they should be compelled to take out a license. The matter was referred to the police committee.

Councillor Oates said there were still some people in town who allowed their chickens to run at large and his garden had fallen a victim. The matter was referred to the police committee with instructions to prosecute.

The United States congress soon will be asked to authorize another loan of between \$5,000,000 and \$4,000,000,000 to the allies.

In reply to a question in the house of commons, Foreign Secretary Balfour said Germany was definitely at war with Germany, Austria, Turkey and Bulgaria.

Will Hold Tag Day Here Next Saturday

At the request of the Canadian War Contingent Association the local branch of the Red Cross society has decided to have a tag day here on Saturday, next. The object of this tag day is to secure additional funds with which to provide comforts for the Canadian boys in the trenches.

Owing to the ever growing demand for these comforts it has been found necessary to make some special effort to get the necessary funds and this means has been decided upon. On Saturday next, therefore, willing workers will sell on our citizens street and sell them for this purpose.

The committee appointed will require the assistance of all the girls and young ladies in town, who can find time to help with the tagging. All who can be asked to call either at the committee's office or the office of the Red Cross society on Saturday morning or before if possible.

The committee also draw the attention of parents to this matter and ask them to send any of their children who are old enough to undertake this work to either of the places above mentioned.

Don't overlook this matter. The appeal is made to "you."

Labor Day Trophy Now in Redcliff

The Medicine Hat News says: "The Medicine Hat footballers, holders of the Trades and Labor Council League trophy, last Friday turned in a massive piece of silverware over to the Trades Council authorities, and it has been handed over to the Redcliff Labor Day Sports committee. The haters will make a desperate effort to bring it back to this city, however."

Julius and the footballers get busy and do a little practicing this 'cup' visit to Redcliff will be very best.

Pledge Cards Plan To be Adopted

Adopting the system which has met with such splendid success in Great Britain, and which has been followed by the United States, plans are being made by which it is planned that every Canadian household shall enlist in a vigorous campaign to reduce waste of food. The plan is to have a card for each household, which will be used in a house-to-house canvass conducted by provincial and local organizations formed in connection with the Food Controller's work. The first shipment of these cards went out from the government printing bureau last week.

The form of pledge is headed by the Canadian Coat-of-Arms and the words "Food Pledge."

Blank spaces are left at the bottom for the name of the housewife and the address. The number of people in the house is also to be inserted. The pledge itself reads as follows:

"Realizing the gravity of the food situation and knowing that Great Britain and our allies look to Canada to help shelter Germany's threat of starvation, I pledge myself and my household to carry out conscientiously the advice and directions of the Food Controller, that require foodstuffs may be released for export to the Canadian divisions, the British forces and people, and the allied armies and nations."

On the other side of the card the housewife is requested to hang the pledge in the dining room, where the members of the household will be reminded of their obligation daily.

A duplicate card is attached to the original copy by a perforated fold. This duplicate will also be signed by the householder, torn off and returned to the canvasser, to be filed at provincial headquarters.

Accompanying the pledge card is a card of the same size to be hung in the front window of each house, where the public can see it, and where the members of the household may read the inspiring reasons for food saving, set forth on the back.

Dr. J. W. Robinson, chairman of the Central Advisory Council of the Food Controller's office, will organize the canvass to enlist the housewives of the Food Controller's campaign in Eastern Canada, and Mr. G. H. Clark, Dominion Seed Commission, will organize the west. Organization is now proceeding in Ontario.

Pte. Wedderburn Reported Killed By Eye Witness

P. H. Wedderburn, who lives west of town, received word from the militia department that his son, Lorimer, who left for the front with the 15th battalion, was missing. Since that time Mr. Wedderburn has tried every known channel of information with the hope of getting more definite tidings of the fate of his boy. His efforts were still rewarded this week when he received a letter from the Canadian Red Cross Society in London, England, enclosing the following report:

31st Canadian Infantry, Wedderburn, P. H., 866110
May 3rd, 1917

"I was informed by Pte. J. H. Hunter, 69626, 1st Canadian Infantry, B. Company, who was a battalion runner, that on May 3rd, as he was going to the front line with a message from headquarters he saw Pte. Wedderburn suffering from gas. On his return journey he saw him dead. He looked for his identification file but could not find it. Pte. Hunter was recently at Woodcote Convalescent Hospital, and he does not know whether he is there still."

Informant—Pte. J. Cook, 696643, 31st Canadian Infantry, B. Co., 1011 P. County of London, England. Horton, Epsom.

Pte. Wedderburn was the only son of Mr. and Mrs. P. H. Wedderburn, who live west of town and are well known here. He was in his early twenties, and was a very capable and young manhood, just the kind most needed in a young growing country like western Canada. He was born in South Africa and while a little boy came to Canada with his parents immediately after the Boer war. His fine physique, robust constitution and manly manners, made of him an example to which any parent might wish to his boy to rival.

To the bereaved parents and sisters the genuine sympathy of the entire community goes out in their hour of sorrow.

First Move for Another Convention

Seven hundred names of prominent Liberals have now been added to the petitions of protest in Winnipeg against the action of the western Liberal convention for Canada, and are constantly growing in volume. The committee to get in touch with Liberals through the west for united action against the Friday of the late convention is composed of E. D. Waugh, Isaac Philbrick, E. L. Robinson, Dr. J. N. Hutchinson, Martin, T. A. Crever and C. N. Bell.

They advise western Liberals who resent the conduct of the last convention to hold district conventions at once and secure authority for delegates to a convention of the west authorized to pledge support to a straight win-the-war policy, compromise candidates in each constituency for conservation and no connection with party politics. Regina, Calgary, Moose Jaw, Saskatoon, Medicine Hat, Edmonton, Vancouver and Victoria cities were communicated with.

Reckless Auto Driver Kills Fine Colt

We clip the following from the Manyberries items in the Medicine Hat News: "Whilst coming home from Redcliff Mr. Sam Butler, a farmer residing about two miles south had the misfortune to have a valuable fine colt killed by a reckless automobile. From the statement given by Mr. Butler the accident happened on the trail 12 miles from Medicine Hat. He pulled out of the road for the car and on account of the great speed of the car the colt became frightened and ran across the back of the wagon. The car by this time was up to the team and going at least 25 miles per hour. If the driver of the car had complied with the laws he would have slackened speed on meeting a team or other cars. Not only did he not do that but after he had knocked the colt down never stopped to lend aid or see the extent of the injuries done. Butler did not get the number of the car on account of the great speed and the dust, but is going to show how ungrateful the autoists are getting to be."

Redcliff Pupils Who Passed Exams

The following is the list of Redcliff pupils who were successful in passing the summer examinations in Grade nine, ten and eleven:

GRADE IX.
Walter Hanforth, Judson Caldwell, Mary Dunn, Naomi Duffield, Walter Frechleton, Leola Fairbairn, Florence Garvison, Alta Wilson.

GRADE X.
Norm Corcoran, Lily Cockrell, Edward Harbert.

GRADE XI.
Hazel Current, Clarinda Clare, Wilfred Duggan, Harold Hollinger, Charles O'Fallon, Lenora Pitts, Percy Whyte.

Redcliff Farmer Weds in New York

A wedding of interest to the people of Redcliff and vicinity took place in New York on Friday, Aug. 3rd last when Elias Viking, a prosperous farmer of the Howell district, was married to Miss Ellen Nyhus of Nordberg, Gloucestershire, Norway.

Mr. Viking had been visiting at his old home in Norway all summer and he and his bride-to-be came out to America on the same boat. They were married immediately on landing in New York. The young couple had been friends since childhood.

Mr. and Mrs. Viking arriving in Redcliff Saturday and are now comfortably settled in their new home west of town.

Trio of Musicians Coming to Redcliff

Bert Hanbush, who has been engaged to appear here on Aug. 29 at the Amusee-Grand, accompanied by Laurence Lambert, Canadian Lyric baritone, and Gerald Moore, English pianist, is one of the world's greatest vocalists. He has appeared on programs with many of the world's famous Symphony orchestras, and in conjunction with such artists as Eugene Ysaaya, brilliant Belgian violinist, and other well known musicians. The trio, Laurence Lambert, has a voice of robust and dramatic type, with a resonant upper register verging almost into the tenor quality. Gerald Moore, the young English pianist, has had phenomenal success and is one of the most promising of the present generation in the world of Canada today. Although only 17 years old he has already appeared on many important programs and our music lovers will not be disappointed in his work.

Experts Advise Hat How to Finance

Owing to the very unsatisfactory condition of Medicine Hat's financial situation the council of that city called in experts to give advice as to how best to remedy matters. These gentlemen, who had been retained for a short time to look into this city's financial condition and outlook, made the following suggestions: Increase the price of natural gas to consumers from 15 cents to 25 cents; continue levying a business tax, but make floor space of business premises the basis for assessment; levy a municipal income tax on a flat rate; tax buildings; delimit the city's boundaries to the two-mile circle.

Ottawa Starts With Two Meatless Days

Last Tuesday was the first meatless Tuesday in Canada under the terms of the order-in-council, promulgated last week by the government at the request of Hon. W. J. Hanna, Dominion food controller. The hotels and public eating places at Ottawa, including the parliamentary restaurants, declined to serve beef or bacon when it was for, and the same rule will apply on Friday. Any failure this week to comply with the new regulations will not subject the offenders to the penalty provided by the fact that regulations have yet appeared in the Canada Gazette. They will be printed in the Saturday issue, however, and subsequent to that date the penalties will go into effect. It is expected that there will be a general voluntary compliance with regulations this week.

Redcliff Couple Surprise Friends

The many friends of Edith Wallot and Miss Olive Gloina got a great surprise late Saturday evening when the two ladies suddenly appeared, that this regular young couple were quietly married in St. Barnabas church by the Rev. E. A. Davis at 8 o'clock that evening.

None but the immediate friends of the young couple were present at the ceremony. Miss Beulah Nesbitt acted as bride's maid and Mr. Frank Meeker as best man.

After the wedding Mr. and Mrs. Wallot were entertained at the home of Mr. and Mrs. Nesbitt, Medicine Hat, and they left on the evening train bound for Innisfail, where they spent a few days visiting the bride's parents. When both return to Redcliff they will take up their residence on Sixth street.

Both Mr. and Mrs. Wallot are well known here, and their many friends wish them a long, happy and prosperous married life.

Canadians Capture Hill 70 at Lens

Hill 70, the famous German stronghold northwest of the French mining city of Lens, which dominates the city and the Lens salient, was captured by the Canadian forces.

The British also pushed their lines into the northwestern environs of Lens, in a semi-circle around the eastern side of Hill 70.

The British attack was made on a 4000 yard front which had an extreme depth of 300 yards.

Beginning at a point just above Hugo wood, the new British positions ran southwest and beyond 70 toward Lens. The line then bends northwest and encircles the suburbs of Lens and St. Emilie.

Field Marshal Haig's forces, attacked the German positions along a wide front from Lens to the northwest of Lens. The official statement says the British are making progress satisfactorily.

General Haig reports that the British have now captured the German first line at all points of the front attacked.

RED CROSS TO SERVE MEALS LABOR DAY

Have Secured War Block For The Purpose - - - Canvassers Appointed to Solicit Provisions

At a general meeting of the Red Cross executive held last Saturday it was decided that the society should undertake to provide meals and refreshments during the celebration here on Labor Day.

A committee was appointed to secure a building for serving meals and attend to other work in connection with securing the necessary provisions for the day. A second committee was appointed to arrange for selling refreshments booths on the grounds.

These committees met again on Tuesday afternoon and for three hours the Red Cross room where the committees met was the busiest place in town. At these meetings both committees made excellent progress, and the luncheon displayed augsurs well for the success of the day, at least so far as this branch of the work is concerned.

The meals committee made arrangements for securing the War Block on Third street to which the committee was appointed to canvass the farmers within a radius of five miles for contributions to have same done before next Tuesday when they are expected to report the result of their canvass to the executive at the Red Cross rooms. Committees were also appointed to canvass the farmers within the surrounding district for donations of butter, eggs, milk, cakes, etc.

As this is a big undertaking it is hoped all will give the different committees all the assistance they can.

NOTICE!

Notice is hereby given that the following described lands will be offered for sale by public auction, at Crowe's Hall, Broadway, in the Town of Redcliff, Province of Alberta, on Friday, August 31st, 1917, at 10 a. m.

F. H. COTNELL,
Secretary-Treasurer,
Town of Redcliff.

SHOULD GO SLOWLY.

At the regular meeting of the town council last Monday evening the question of providing the engineer's department with an auto truck was introduced and a committee appointed to investigate and report to the next council meeting.

While the Review would like to see all the departments modern and conveniently equipped yet not this is the time to undertake any expenditure which are not absolutely necessary. After a long seige of plotting and planning the town is just now getting out from under a heavy burden of debts contrasted during reckless boom days and it does not seem to us we are yet far enough out of the woods to start making a mistake of trying to keep in the city club while we were yet a town, and a very young town at that. In the language of the street we have had a champagne appetite with a beer income. Surely we should profit by past experience and not make the same mistake again. In our opinion this is just what we would be doing by purchasing an auto truck at the present time. With a horse at the disposal of engineer's department it is just that much further ahead of most engineer's departments in towns the size of Redcliff. In fact few towns our size have an engineer's department.

The initial outlay in securing a car is not the only matter to be considered either, as it appears to be well known that municipal owned motors have a peculiar knack of requiring more repairs and eating up more gasoline than the average privately owned cars.

As the town already has a horse a small single democrat should serve the purpose for the present.

DO WE WANT THEM?

Quite frequently we hear some of our people lamenting the fact that we don't get good entertainments here. There are reasons for this. One is because of our nearness to Medicine Hat and the habit we have formed of patronizing play houses in that city instead of our own. Another is that we do not properly patronize good shows when they are brought here at considerable expense by our local theatre managers. In some cases, our people go to larger centres and pay increased prices to see the same shows as are put on here. This must be very discouraging to the local theatres.

The management of the Amuse-U theatre has made arrangements to have the Borl-Hamberg Company appear here on Aug. 29th. This is one of the very best musical companies on the road. It is being brought here at this time as an experiment. If the people really want good entertainment and patronize this one as it should be patronized, we have the assurance of the management that three more will appear here at intervals during the fall and winter months. Let us all encourage the bringing of good class entertainments to our town.

A TERRIBLE PRICE.

When we remember that Redcliff and the immediate vicinity has sent out considerably over two hundred young men to the front the fact that we have not been called upon to report any serious casualties for several weeks has been a source of great comfort and consolation.

However, facing conditions squarely and being reminded from time to time that this is the most cruel and bloodiest of all wars we could not expect this to continue indefinitely. This week our good fortune is again broken in the word that came to Mr. and P. H. Wedderburn telling them that their son, Lorimer, had fallen a victim to the hellish Hun gas.

In the death of Lorimer Wedderburn not only his parents and sisters lose a genuine son and brother, but this district loses a young man of which any nation might well feel proud. To know the boy as it has been, our privilege to know him; to remember his thoughtfulness and kindness to his parents and those with whom he came in contact and to think of his honest countenance, gentlemanly conduct and exemplary habits, brings home to us personally the terrible price our country is called upon to pay as its sons are in this awful war.

THE NATIONAL ANTHEM.

A new verse has been added to our national anthem and is now being sung at the close of all public meetings in addition to the verse usually sung.

At the present time the words are very appropriate and as they express the prayer of every loyal citizen, we would suggest that Redcliff meetines use the verse at all gatherings. The following are the words:

"God save our splendid men. Bring them safe home again, God save our men. Keep them victorious, patient and chivalrous. They are so dear to us, God save our men."

BUTTER MAKERS.

For the guidance of butter-makers we reprint the following from a pamphlet issued by the Dominion government:

"In reference to printed wrappers, the regulations passed under authority of The Dairy Industry Act provide that no person shall cut or pack dairy butter in blocks, squares or prints and wrap such blocks, squares or prints in parchment paper unless the said parchment paper is printed or branded with the words 'dairy butter' in letters at least one-quarter of an inch square.

"The same regulations provide further that every person who packs dairy butter in boxes similar to those used for the packing of creamery butter shall cause such packages to be branded at the time of packing with the words 'dairy butter' in letters at least one-half inch long and three-eighths of an inch wide. Such branding must be applied on the side of the box."

Sir William Hearst, premier of Ontario, fears that shortage of food supplies will hinder 'the Allies in winning the war. "We must look calmly and fearlessly at the present situation. Unless there is greater thrift, economy and conservation of food, there will be shortage of supplies to Great Britain and her Allies that will hinder her chances of winning the war," said Premier Hearst.

The North West Mounted Police have brought two Eskimos three thousand miles to answer a charge of murder they committed four years ago. That's nothing. It takes the new provincial police two months to go seven miles to investigate thefts.

U. S. Will Appoint

Grain Control Board

Creation of a grain control board, within the food administration, to supervise distribution of wheat and manufacture and sale of flour, will be announced within a few days. The board will have authority to carry out regulations governing wheat and flour announced by the food administration. President Wilson will issue a series of executive orders giving the food administration powers conferred on the executive under the food control bill.

The act will deal with wheat and flour and will direct the food administration to proceed Sept. 1 with the enforcement of the regulations announced.

Wheat and flour is beginning to move, making it the most difficult problem to handle now.

Preparation of a form of license under which grain elevators and flour mills will operate after Sept. 1st was begun last Monday.

All Soldiers to Vote in Election

A new military voters act introduced in the commons by Hon. C. J. Liberty, makes provision for the taking of the votes of all people on active service at the forthcoming general election. The most it provides for a complete recording of the votes overseas, including the counting of the ballots. Another important feature is that four weeks' notice before nomination day and polling day, in all Dominion constituencies. This will give the soldiers 28 days in which to deposit their ballots. As they will have the four weeks plus the one day on which voting will take place in Canada.

A general returning officer will be appointed on this side of the Atlantic to whom the overseas returns will be sent. These he will add to the results from each constituency following the home voting. This officer will make the final return for each constituency and not the deputy returning officer as in the past.

The bill gives the vote to everyone in the military forces, including miners, nurses, Indians and those connected with the aviation and naval forces of Great Britain.

REDCLIFF REVIEW

THE REDCLIFF REVIEW. THURSDAY, AUGUST 16, 1917

[illegible]

ITEMS OF LOCAL INTEREST

We have a few yards of summer goods we are selling at the old yard, Gibson & Tupper.

Mr. H. Murphy arrived this week last week of the sudden death of her father in Benbow, Ont.

Hoffman Bros. of Medicine Hat have opened up a branch of the painting and paper-hanging business here.

Sydney Harper and Helen Laflour of Dunmore, are spending the week visiting Mr. and Mrs. Fred Walker of Red Springs.

Allan Blundell and her grandmother Mrs. Taylor, left last week for a trip to Kootenay Lakes, Vancouver and other points.

Percy Wray and Charles O'Fallon who have both been successful in passing the recent examinations, leave tomorrow for Calgary where they will attend normal school.

The Johns in the surrounding country should start now to get their horses in shape for the races here on Labor Day. We are told the Red Springs riders will be here in force.

The grounds committee for the Labor Day sports are now getting the grounds in shape for the big event. All the events will take place on the old football grounds on First street.

Mr. and Mrs. A. Symon and family returned to Redcliff this week. Mr. Symon will open up his jewelry business again in the old stand on First street.

22.00 Wore Wire Cots, each \$2.50. Five Iron Beds, each \$1.00. STOVES, Broadway Dept. Store.

Dr. C. H. Kohler, of Minneapolis, arrived in town yesterday on business in connection with the Brick & Coal plant here. Mr. and Mrs. S. Ross, also of Minneapolis, accompanied him.

Good progress is being made in the construction of grain tanks at the R. R. Storage plant. Fifty tanks are now in course of construction and it is expected they will be ready to put on the market next week.

Lance Corp. R. S. Hodge, who has been invalided home, is now in Quebec undergoing medical treatment and is expected to arrive in Redcliff next week. Dick was on the ill-fated hospital ship Letitia which foundered on the rocks just outside of Halifax.

The Harvest Vase Sunday school held their picnic on the river bank just south of town last Tuesday afternoon. There was a good crowd in attendance and as the weather was ideal both old and young thoroughly enjoyed the outing.

Mr. and Mrs. C. Symon received word from their son, Charles, who has been on service overseas for over two years. He was wounded, some time ago but in this letter he says he has completely recovered and is again on duty. At present he is operating a trench motor and says he never felt better.

A large car owned and driven by E. C. Gage of Bow Island, upset while the owner was returning from Medicine Hat to Bow Island. There were three men in the car at the time. All were picked up unconscious and badly bruised. As the car is a total wreck there is no doubt it was travelling at a high rate of speed at the time of the accident. This should be a lesson to the speeders around here.

China declared war on Germany last Saturday visiting some of her relatives here.

We have some good work pants, and overalls, Gibson & Tupper.

WANTED—Woman to do upstairs work. Apply at Redcliff hotel.

Mr. and Mrs. Wm. Hughes are visiting Mrs. Hughes' parents. Mr. and Mrs. E. Martin at Marysville.

FOR SALE—A four-room frame house in good repair, well located, cheap for cash. Apply J. Storges.

The children of the Presbyterian Sunday school are being entertained to a picnic down at the river this afternoon.

BOYS—The girls will never forgive you if you neglect to take them to the Boris Hambourgh entertainment in the Amuse-U theatre on Aug. 29th.

Seats will be reserved for the Boris Hambourgh entertainment here. Tickets may be secured at Blundell's Book Store.

While on a visit to Camp Borden Sir Edward Kemp, minister of militia, said: "We are going to put the conscription bill into force right away."

FOUND—Between Broadway and the hall, one logging chain. Finder may get same by paying for this ad, and calling at police office. G. Dunnett.

Special price on summer goods, Gibson & Tupper.

"Scotty" Muir, of Medicine Hat, was a business visitor in town last Monday. Mr. Muir is an old resident of Redcliff and was delighted with the lively appearance of the old place.

Mr. (Dr.) J. Cleary Wray and family, of Toronto, arrived in town last week and will reside here in future. They have taken up their residence in the H. G. Wheeler house on Fifth street.

LOST—A pocketbook, containing \$10.00 and two tickets for the Boris Hambourgh entertainment. Finder may keep the money if he returns the tickets for the entertainment—A. Wisniewsky.

School will re-open after the summer holidays on Tuesday, Sept. 1st. As a number of large families have moved to town during the past month the school attendance will, no doubt, be greatly increased during the coming term.

The ladies of the town have another box of goods for the Belgium children ready for shipment. They still have a nice store on another box. If there are any who have any children's clothing for this purpose they are asked to bring them to the Red Cross room next Tuesday afternoon.

Crop conditions during the past week have greatly improved. Abundant rains and cooler weather prevailed over a large portion of the province. The prospects in the Peace river district are particularly good, and a splendid harvest is assured.

The end of a 3,000-mile journey over ice covered rivers and snow covered plains was reached when mounted police officers arrived at Edmonton in charge of two Eskimos, wanted in connection with the deaths of Fathers Rouvier and Leroux, slain in the Arctic regions in 1913.

Mrs. Duncan McLachlan, of Edmonton, is the guest of Mrs. Donald McLachlan this week. Duncan McLachlan is a brother of Donald's. He is enlisted for service shortly after he was married and has been in the trenches now almost continuously for over two years. When he heard from him he was enjoying good health.

A young Chinese lady was in town last Saturday visiting some of her relatives here.

The Presbytery of Medicine Hat meets here on the sixth day of September.

Mr. and Mrs. H. E. Howard are spending the week in Banff. Mr. Howard is attending the convention of chartered accountants being held there.

Among the soldiers who returned to Canada this week is Pte. Walter Reeves, who comes home with eleven shrapnel wounds in his back and three in his arm. Reeves has three brothers who live in the Box Springs district.

He is enlisted for service shortly after he was married and has been in the trenches now almost continuously for over two years. When he heard from him he was enjoying good health.

Spain is Now

Under Martial Law
The whole of Spain has been placed under martial law following disorders resulting from the general strike which is spreading. This decision was reached at a meeting of the cabinet which devoted its entire time to a consideration of the strike. Instructions were sent to military authorities who have been given full control. The disturbances which occurred at various places have been stopped by the military forces.

EXPLANATOIN

I beg to state that the Notice which appeared in last week's Review over my name was inserted purely and simply as a business announcement, and I regret if the wrong of same has caused any person to think that the person who previously conducted the business was in any way involved in debt, as such is not the case.
